

SolarMax Pro Energy Storage Systems

Congo Brazzaville exports energy storage containers

Overview

Does Congo Brazzaville produce crude oil?

Crude oil accounts for most of the total liquid fuels production in Congo Brazzaville; the country produces very small volumes of lease condensate and natural gas liquids. Congo Brazzaville produces and exports three main blends of crude oil: Djeno, N’Kossa, and Yombo (Table 2).

How much fuel does Congo Brazzaville produce a day?

Congo Brazzaville produced an average of about 273,000 barrels per day (b/d) of total liquid fuels from 2014 to 2023.

Is Congo Brazzaville a member of OPEC?

Congo Brazzaville exports most of its crude oil production, and revenues from crude oil exports play a large role in its economy, making its economy vulnerable to crude oil price volatility. In June 2018, Congo Brazzaville joined OPEC as a full member and is one of the six African nations in the organization.¹ Figure 1.

What is Congo Brazzaville?

Congo Brazzaville, also known as the Republic of Congo or the 'Other Congo', is a country located near Kinshasa. It might not be as illustrious as the Democratic Republic of Congo, but it has a lot to offer and makes for a perfect follow-up to our DRC Tour.

Does Congo Brazzaville have hydropower?

Congo Brazzaville has significant hydropower potential, estimated at 3.9 GW, but only 5% of this power has been developed. Several hydropower projects are reportedly under consideration for development. The status of projects is unknown, and the projects appear to still be in early stages of development or deliberation (Table 3).¹³

What happened to liquid fuel production in Congo Brazzaville?

Total liquid fuels production in Congo Brazzaville reversed its declining trend in the mid-2010s after a number of offshore fields in the N’Kossa Marine area were brought on line, enabling production to reach a decade-high of 347,000 b/d in 2018.

Congo Brazzaville exports energy storage containers

Congo's State-Owned Utility Company Receives Storage ...

Congo's national utility company Energie électrique du Congo (E2C) has received two spare part storage facilities built in Brazzaville and Pointe-Noire to support the ...

Country Analysis Brief: Congo Brazzaville (Republic of the Congo)
