

**SolarMax Pro Energy Storage Systems**

# **Energy Storage Backup Battery Cabinet**

## Overview

---

What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accommodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.

What are everexceed battery cabinets?

EverExceed Battery cabinets are engineered for an uninterrupted power backup source to support the continuous operation of the higher and new requirements of these application backup.

What is outdoor Offgrid energy storage solution?

The outdoor offgrid energy storage solution has been designed to ensure longer backup time for video surveillance system and remote communication system in oil and gas industry.

What is a bluerack 250 Battery Cabinet?

Scalable from Kw to multi-MW, the BlueRack™ 250 battery cabinet is a safe, high-powered solution you can count on. By employing breakthrough sodium-ion cells based on Prussian blue electrodes, the BlueRack 250 delivers the following benefits: Integrated battery cabinet solution. Our power battery cabinets are available now.

Are everexceed VRLA battery cabinets durable?

EverExceed VRLA battery cabinets are very durable, and easy to install. Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications. This solution is completely customizable and flexible to support your application requirement.

What is a VRLA battery assembly cabinet?

EverExceed VRLA battery assembly cabinets are very durable, and easy to install. Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications. This solution is completely customizable and flexible to support your application requirement.
