

**SolarMax Pro Energy Storage Systems**

# **How much does it cost to customize an outdoor communication battery cabinet in Estonia**

## Overview

---

What makes a good outdoor Telecom cabinet system?

It is required to be easy to transport, fast to install, and easy to maintain. Most of the structural parts of the Outdoor Telecom Cabinet system are thin sheet metal parts and profiles, which are processed by cutting, stamping, bending, welding, riveting, surface treatment and other processes.

What are the cooling methods of the outdoor Telecom cabinet system?

The cooling methods of the Outdoor Telecom Cabinet system include: natural cooling, fan cooling, heat exchanger cooling, and air conditioning cooling. Select the type of heat dissipation and whether heating is required according to the installation and use environment and the heat generation of the system.

What is the difference between equipment cabinet and Battery Cabinet?

When there is only one cabinet, the equipment compartment is at the top, the battery compartment is at the bottom, and the cable passages are on both sides. When there is more than one cabinet, separate the equipment cabinet and the battery cabinet.
