

**SolarMax Pro Energy Storage Systems**

# **Huawei Brunei Large Energy Storage Factory**

## Overview

---

What makes Huawei a great energy storage company?

Huawei has more than 10 years of experience developing and researching energy storage systems, and this has been applied throughout a global installed base of more than 8 GWh.

Who is responsible for Huawei energy storage system?

Among them, the ACWA Power will be responsible for the developer's part while Shandong Power will provide the EPC (Engineering, Procurement, and Construction) supplies. In July 2021, Huawei filed an energy storage system patent that was publicly shared on July 9th in China.

Is Huawei a reliable partner?

Huawei is a reliable partner for customers all over the world, providing long-term and efficient support in terms of delivery and service. According to the contract, Huawei's FusionSolar Smart PV + Storage solution will be delivered from June 2022, and the whole project is expected to be completed on March 2023.

## Huawei Brunei Large Energy Storage Factory

---

### [Advertorial - Huawei Technologies Brunei - Global](#)

As part of Wawasan Brunei 2035, which aims to create a high standard of living, public utilities, and infrastructure for the benefit of Bruneians, Huawei has also ...

### [Huawei Wins World's Largest Energy Storage Project](#)

The project will install a 400 megawatt (MW) photovoltaic system along with a 1300 megawatt-hour (MWh) battery energy storage solution (BESS) on the coast of the Red Sea, ...
