

SolarMax Pro Energy Storage Systems

Jamaica connects to electricity and solar power

Overview

The government set an ambitious target to generate 50% of its electricity from renewables by 2030—a goal that was updated in the 2019 Integrated Resource Plan (IRP). As of 2024, about 18% of Jamaica’s electricity comes from renewables, primarily wind, solar, and hydroelectric sources.

Jamaica connects to electricity and solar power

Jamaica grid connected pv

SESR-Jamaica promotes distributed solar (PV) and distributed solar plus battery storage (PV+) to provide flexible, grid-connected and back-up power solutions and mitigate climate change, ...

[Top 10 Solar System Companies in Jamaica Kingston 2024](#)

10. Green Lantern Energy Green Lantern Energy is one of the well-known solar system companies in Jamaica. The company specializes in the design and installation of solar ...
