

**SolarMax Pro Energy Storage Systems**

# **Latvia Power Plant Energy Storage Project**

## Overview

---

Latvia has taken a significant step towards a greener future with the commissioning of its first utility-scale battery energy storage system (BESS). The 10MW/20MWh BESS, located in Targale, Ventspils region, is integrated with the 58.8MW Targale Wind Park.

## Latvia Power Plant Energy Storage Project

---

### Latvia's Energy Landscape Evolves with New Battery Storage ...

Latvia has taken a significant step towards a greener future with the commissioning of its first utility-scale battery energy storage system (BESS). The 10MW/20MWh BESS, ...

### [Latvenergo plans 250 MW of energy storage by 2030](#)

Latvian state-owned utility Latvenergo AS has decided to invest in a new business area in its portfolio with plans to install 250 MW/500 MWh of battery energy storage capacity ...

### Latvenergo invests in plans to become the Baltic market leader in

As part of its strategic commitment to maintaining a leading position in renewable energy across the Baltic states, Latvenergo Group plans to install 250 MW of battery storage ...

### [Latvia's largest battery energy storage system unveiled](#)

On November 1 Latvia's largest wind energy producer Utilitas Wind opened the first utility-

scale battery energy storage battery system in Latvia with a total ...

## Latvia's Energy Landscape Evolves with New Battery Storage Project

Latvia has taken a significant step towards a greener future with the commissioning of its first utility-scale battery energy storage system (BESS). The 10MW/20MWh BESS, ...

## LATVIA LATVENERGO LAUNCHES TENDER FOR BATTERY ENERGY STORAGE ...

Will a new battery factory be built in Latvia?  
Facebook The Swedish company Anodox Energy Systems wants to build two factories in Latvia to produce batteries for electric vehicles. ...

## [Top 10: Energy Storage Projects , Energy Magazine](#)

Energy storage technology allows for a flexible grid with enhanced reliability and power quality. Due to the rising demand for energy storage, ...

## [Hoymiles Powers Latvia's Largest Energy Storage ...](#)

Hoymiles, as a key technology supplier, played a pivotal role in the project. Managed by Utilitas, Latvia's largest wind energy producer, this ...

## **SUNOTEC acquires 400MWp solar, 600MWh BESS project site in Latvia**

...

European renewable energy provider SUNOTEC has completed the purchase of SIA DSE Lazas Solar's solar and energy storage project in Latvia from Danish Sun Energy.

## **SUNOTEC acquires large-scale co-located park with 400 MWp ...**

SUNOTEC acquires large-scale co-located park with 400 MWp PV solar and 600 MWh BESS storage in Latvia from Danish Sun Energy ApS [Sofia, Bulgaria, July 7, 2025] - ...

## [Latvia's largest battery energy storage system unveiled](#)

On November 1 Latvia's largest wind energy producer Utilitas Wind opened the first utility-scale battery energy storage battery system in Latvia with a total power of 10 MW and capacity of 20 ...

## Latvia: SUNOTEC acquires large-scale co-located park with 400 ...

SUNOTEC, one of Europe's leading renewable energy development and construction companies, has acquired 100% of the share capital in SIA DSE Lazas Solar from ...

## Latvia considers a risky nuclear energy development path

Latvia already has a relatively high level of renewable energy production and, with many new wind and solar energy projects on the way, the country is not far from providing all ...

## [Latvia: Latvenergo to deploy 250MW/500MWh BESS by 2030](#)

This event will bring together key stakeholders from across the region to explore the latest trends in energy storage, with a focus on the increasing integration of energy storage ...

## Elenger invested 2.4 million euros in a Latvian solar power plant

Elenger, the largest privately owned energy company in the Baltics and Finland, is expanding its renewable energy portfolio by opening a new solar power plant in Olaine, Latvia. ...

## Hoymiles Powers Latvia's Largest Energy Storage Project at T?rgale

The new energy storage system marks a major advancement for Latvia, which is working to stabilize its energy supply while supporting sustainable development.

## [SUNOTEC acquires 400MWp solar, 600MWh BESS project](#)

European renewable energy provider SUNOTEC has completed the purchase of SIA DSE Lazas Solar's solar and energy storage project in Latvia from Danish Sun Energy.

## Hoymiles Powers Latvia's Largest Energy Storage Project at T?rgale

Hoymiles, as a key technology supplier, played a pivotal role in the project. Managed by Utilitas, Latvia's largest wind energy producer, this project combines wind energy ...

## Latvia power storage units

The wind power unit of Estonian energy company Utilitas has added a 10 MW/20 MWh BESS to its 58.8 MW Targale Wind Park, which has been operating since 2022. Chinese company ...

## [Latvenergo plans 250 MW of energy storage by 2030](#)

Latvian state-owned utility Latvenergo AS has decided to invest in a new business area in its portfolio with plans to install 250 MW/500 MWh of ...

## Estonia grid-scale BESS to come online in 2025 with LG batteries

The BESS is the first large-scale project in the country but smaller-scale projects are being supported through a grant programme, including a 4MW/8MWh BESS. Eesti ...

### [SUNOTEC acquires 400MWp solar, 600MWh BESS project](#)

European renewable energy provider SUNOTEC has completed the purchase of SIA DSE Lazas Solar's solar and energy storage project in Latvia from Danish Sun Energy.

### [Latvia: Latvenergo to deploy 250MW/500MWh BESS ...](#)

This event will bring together key stakeholders from across the region to explore the latest trends in energy storage, with a focus on the ...

### **Baltic BESS projects sold by Aura Power, Danish Sun Energy**

Large-scale BESS project sales in the Baltic region, with Aura Power selling to Karjer? linija and Danish Sun Energy selling to Sunotec.

### **Latvenergo invests heavily in battery systems, plans to become ...**

The plans of the Group to invest in battery energy storage system technology by installing 250 MW of power with a capacity of 500 MWh by 2030 is an affirmation of the ...

## Latvia's path to energy transition: Expanding renewable energy ...

As can be seen, Latvia is currently focusing mainly on BESS, but research on the potential of power to x or power to H2 in Latvia is also being actively developed. Given Latvia's ...

## Latvia unveils first grid-scale battery as it prepares to swap ...

Hoymiles supplies the batteries as Latvia activates its first utility-scale battery energy storage system (BESS) ahead of planned decoupling from Russian grid.
