

SolarMax Pro Energy Storage Systems

New Zealand high-end inverter custom manufacturer

Overview

What types of solar inverters are available in NZ?

There are different types of inverter available. This includes inverters that can connect to the electricity grid based on your home's connection. One of the most common types of solar inverter in use in NZ, however, is the hybrid inverter.

Who are Sungrow solar inverters?

A global inverter and storage manufacturer with a complete range of products for solar and storage projects in Australia and New Zealand. Sungrow make a complete range of solar inverters and energy storage products for residential, commercial, industrial and utility grade solar projects.

Who are Fronius inverters?

Fronius Inverters are a world leader in solar technology and one of New Zealand's most sought after and reputable inverters. Founded in Austria in 1945, they have over 65 years' experience producing innovative and intelligent power storage solutions.

What is an inverter & energy storage solution?

There is an inverter and energy storage solution for every application including grid connected, backup power and off grid. Designed specifically to suit Australian and New Zealand conditions and safety design standards.

Is GoodWe a good inverter brand?

BloombergNEF ranks GoodWe among the most financially stable PV manufacturers, reaffirmed by DNV's highest Altman-Z rating for long-term partner assurance. As the only inverter brand to secure seven consecutive TÜV Rheinland All Quality Matters accolades, GoodWe's <0.3% failure rate underlines a consistent commitment to excellence.

How does goodwe meet New Zealand's evolving solar needs?

Below, you'll find a deeper look at how GoodWe blends financial solidity, cutting-edge R&D, and a broad product portfolio to meet New Zealand's evolving solar needs. GoodWe produces up to 35 GW of inverters and 2.1 GWh of batteries each year, guaranteeing supply continuity for installers.
