## **Park-level energy storage project in Zimbabwe**

## Overview

---

Why is Zimbabwe launching a mines to Energy Park?

“This agreement attests to my Government’s commitment to implement clean energy projects as critical enablers to leapfrog the modernisation and industrialization of Zimbabwe,” he said. He said the Mines to Energy Park will augment the government’s vision to see the mining sector becoming a US\$12 billion industry by 2023.

What is a mines to Energy Park?

The proposed Mines to Energy Park will mark the inception of the lithium-ion battery value chain in Zimbabwe. It is set to place Zimbabwe amongst the world producers of lithium-ion batteries while contributing to the growth of a resilient clean global energy economy.

What is Zimbabwe's first value addition & beneficiation Park?

The government of Zimbabwe has approved the country’s first value addition and beneficiation park which on completion fetches an annual revenue of over US\$13 billion for the country. Rudairo Mapuranga
