Photovoltaic cell and module shipments

Overview

Are photovoltaic module shipments published?

U.S. photovoltaic module shipments by state or territory Individual data for most states are not published to protect the confidentiality of individual company data. Individual data for most states are not published to protect the confidentiality of individual company data.

How many solar PV modules are there in 2024?

(Photo Credit: TaiyangNews) The world's top 10 solar PV module manufacturers shipped a combined 502 GW capacity in 2024, representing a 22% year-on-year (YoY) growth over the 413 GW they shipped in 2023, according to InfoLink Consulting.

Do I need to report a monthly photovoltaic module shipment report?

Beginning in January 2017, we required some of the respondents for the annual survey Form EIA-63B, Photovoltaic Module Shipments Report, to report monthly data. The subset of respondents now must report monthly accounts for about 90% of photovoltaic (PV) activity in the United States, based on 2021 data.

Which solar module shipments will be fierce in 2024?

Competition for third and fourth place in the global module shipments list will be fierce in 2024. According to Trina Solar, its shipments of 50.5GW in the first three quarters ranked fourth in the world, slightly less than LONGi Green's 51.23GW, with a difference of only 0.83GW between the two.

How many GW of modules did Infolink ship in 2024?

According to InfoLink's statistics for 2024, the top ten shipped around 502 GW of modules, up 22% YoY, showing that the annual growth rate has begun to narrow, as previously predicted, with smaller growth in Q3-Q4 than in previous years.

What are the key characteristics of global PV module manufacturers?

This report, drawing on the latest developments in the 2025 market, analyzes the key characteristics of the top 10 global PV module manufacturers across four dimensions: technological capability, vertical integration, international presence, and performance in the European market.

Photovoltaic cell and module shipments

List of photovoltaics companies

Top 10 solar cell producers According to an annual market survey by the photovoltaics trade publication Photon International, global production of photovoltaic cells and modules in 2009 ...

Top 10 Global Shipments of Solar Modules in the First ...

Canadian Solar has been in the top 10 in global solar module shipments for 14 consecutive years, ranking second twice in 2015 and 2017, ...

India's solar module exports hit \$1.97 billion in fiscal ...

China remained the largest solar cell supplier to the Indian market. PV cell imports from China almost doubled to \$1,035.98 million in FY ...

[Infolink releases global ranking of photovoltaic \(PV\) ...](#)

Infolink Consulting has released the global photovoltaic module supply ranking for the first

half of 2024. In a survey of manufacturers, changes ...

Top solar manufacturers of 2023: Module shipment rankings for ...

Entering the third quarter, the solar industry experiences fluctuations in prices along the supply chain, influencing the bidding dynamics. Despite the challenges posed by ...

InfoLink's 2024 global module shipment ranking: significant gap ...

According to InfoLink's statistics for 2024, the top ten shipped around 502 GW of modules, up 22% YoY, showing that the annual growth rate has begun to narrow, as ...

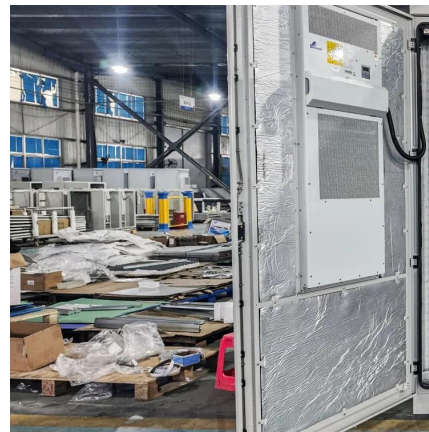

Global Renewable Energy Market Booms, China's PV Module Shipments ...

To help relevant departments and PV stakeholders understand the true situation of industry development, Solarbe & Solarbe Consulting, after comprehensive research and ...

[Top PV module companies by shipment volume in 2023](#)

Despite the clear downward pricing trend and potential oversupply risks in the supply chain, numerous companies are steadfast in expanding their n-type production ...

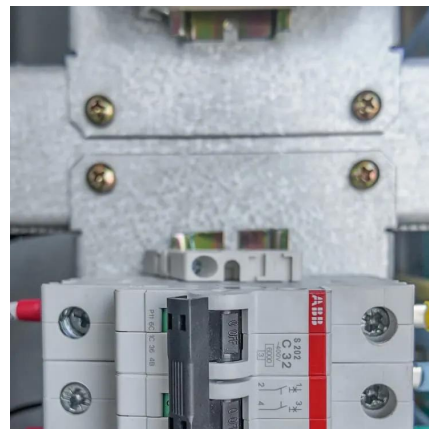

[Top PV module manufacturers by shipment volume in 2022](#)

TrendForce has ranked the top six module manufacturers by shipment volume in 2022, with Longi topping the list, followed by Trina Solar and JinkoSolar. JA Solar, Canadian ...

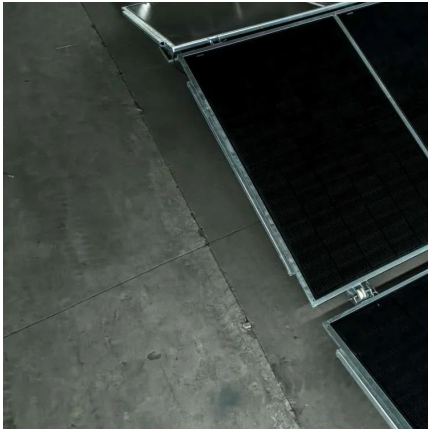

Last-Mile Solar Logistics Guide

An experienced heavy-haul transportation company will be able to help you determine the best way to get your shipment where it needs to go. Fragile Materials in ...

[Outlook For The Top 10 Photovoltaic Module ...](#)

As the third quarter financial reports are released one after another, the solar panel shipment data of major module manufacturers in the ...

[Top 10 Solar Module Manufacturers Ship 502 GW In 2024](#)

The world's top 10 solar PV module manufacturers shipped a combined 502 GW capacity in 2024, representing a 22% year-on-year (YoY) growth over the 413 GW they ...

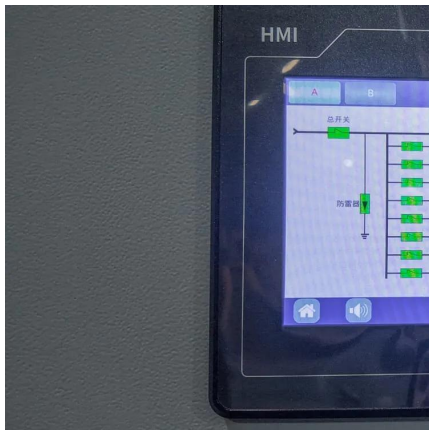

[Top 10 Solar Module Manufacturers Ship 502 GW In ...](#)

The world's top 10 solar PV module manufacturers shipped a combined 502 GW capacity in 2024, representing a 22% year-on-year (YoY) ...

[Monthly Solar Photovoltaic Module Shipments Report](#)

This table includes the total shipments, values, and average values of module shipments by year and month. This table is a compilation of annual Tables 2, 3, and 4.

[Executive summary - Solar PV Global Supply Chains](#)

Global capacity for manufacturing wafers and cells, which are key solar PV elements, and for assembling them into solar panels (also known as modules), exceeded demand by at least ...

[Top 10 Global Photovoltaic Module Manufacturers in 2025](#)

Based on the 2025 market shipment forecast and technology analysis, this report provides an in-depth overview of the world's top 10 photovoltaic module manufacturers to help enterprises ...

[60% Global Module Supply In 2023 Came From Top 4 ...](#)

InfoLink Consulting's global solar cell and module shipment analysis for 2023 shows top Chinese manufacturers are keeping a stronghold ...

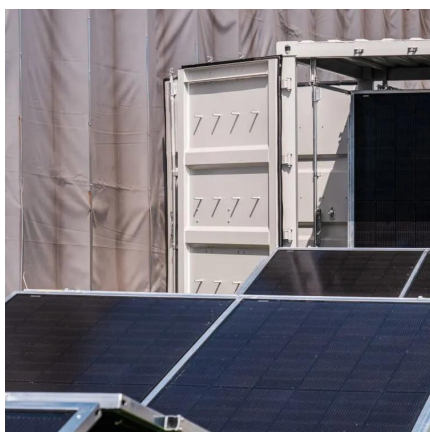

[Outlook For The Top 10 Photovoltaic Module ...](#)

Before looking forward to the full-year data, you can first take a look at the shipment data for the first three quarters. Polaris surveyed the data ...

InfoLink's 2024 cell shipment ranking: Top five manufacturers

According to InfoLink's research, the global top-five cell suppliers shipped 162.8 GW in total in 2024, down 10.7% YoY, ending rapid growth over the past few years. Tongwei ...

[Top PV module manufacturers by shipment volume in ...](#)

TrendForce has ranked the top six module manufacturers by shipment volume in 2022, with Longi topping the list, followed by Trina Solar ...

[Top 10 Global Photovoltaic Module Manufacturers in ...](#)

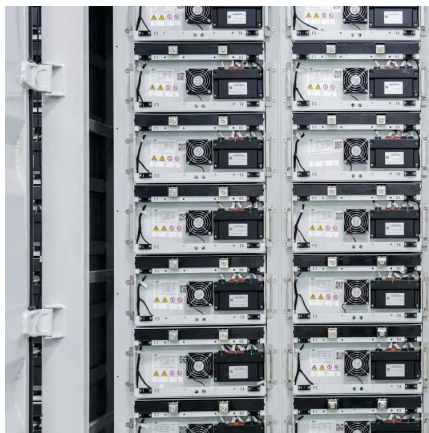

Based on the 2025 market shipment forecast and technology analysis, this report provides an in-depth overview of the world's top 10 photovoltaic module ...

Outlook For The Top 10 Photovoltaic Module Shipments In 2024

Before looking forward to the full-year data, you can first take a look at the shipment data for the first three quarters. Polaris surveyed the data of nearly 20 module ...

[Cadmium Telluride Photovoltaics Perspective Paper](#)

Report from the U.S. Department of Energy (DOE) reviews the cadmium telluride photovoltaics industry and the DOE solar office's perspective and research ...

Top 10 Global Shipments of Solar Modules in the First Three ...

Canadian Solar has been in the top 10 in global solar module shipments for 14 consecutive years, ranking second twice in 2015 and 2017, and in the top five globally for 12 ...
