

**SolarMax Pro Energy Storage Systems**

## **Power inverter prices in Morocco**

## Overview

---

How many volts is a power converter in Morocco?

The standard electrical voltage in Morocco is 220 volts, operating at a frequency of 50 Hz. This matches the electrical standards used throughout most of Europe and many other countries worldwide. Do I need a power converter for Morocco?

If your appliances are rated only for 110-120V (common in the US and Canada), you'll need a voltage converter.

What types of inverters are available?

Our inverters, from top manufacturers such as Huawei and Growatt, are designed to maximize energy production and provide reliable performance, and we have options for all types of installations, including on-grid, off-grid, and hybrid systems.

Does SUNQ offer inverters & DC accessories?

At SUNQ, we offer a wide range of inverters, DC accessories, and other solar components to complete your solar panel installation.
