

SolarMax Pro Energy Storage Systems

Solar lighting tiles

Overview

What types of solar lighting solutions do you offer?

We offer many solar lighting system solutions including solar street lights, solar sign lights, solar bus shelter lights, solar security lights, solar parking lot lights, solar flag pole lights, as well as others.

What are solar tiles?

Solar tiles are roofing materials that can produce energy directly from sunlight. Solar tiles are integrated into the roof itself and function as both a roofing substance and a source of energy, as opposed to conventional solar panels, which are mounted on top of an existing roof.

What are solar spot lights?

Our new solar spot lights are the brightest outdoor LED solar lighting products we have seen to date! The solar flood lights offer easy installation along with motion detection to light up your high traffic areas as needed. All of our orders over \$499 ship absolutely free!.

What are photovoltaic solar tiles?

Photovoltaic solar tiles are a new technology option for solar energy systems because they have several advantages over conventional solar panels. Because of their resilience and lightweight construction, they can withstand high wind speeds and temperatures while simplifying installation.

What is volt solar tile?

“Volt Solar Tile is the ultimate solution for homeowners who want a seamless solar solution for their homes. Its durability and ease of installation are unmatched, making it a top choice in the rapidly growing clean energy market.” Learn more about our state-of-art solar tile product, and make an impact in the realm of sustainability.

What are the best solar lights?

We chose the AloftSun Solar Motion Sensor Outdoor Lights as the overall best solar lights for their durability, water resistance, and motion-sensing capabilities. If you're looking for a set of string lights, we loved the Brightech Ambience Pro Solar Powered Outdoor String Lights, because they held up to water and freezing temperatures.
