

**SolarMax Pro Energy Storage Systems**

# **Tonga Communication Base Station EMS Installation Cost**

## Overview

---

Does HTHH add to Tonga's infrastructure needs?

Conclusion The HTHH eruption added to Tonga's infrastructure needs; in addition, various needs unrelated to HTHH have been better articulated since the start of the NIIP3.

How many niip3-hthh projects are there in Tonga?

Sources: Government of Tonga and Pacific Region Infrastructure Facility (PRIF). The analysis in this section used the new list, which includes 100 projects. The new list is based on the corrections made by the NIIP Committee (NIIP-C) but does not take account of the recommended changes in the rankings of the new NIIP3-HTHH projects.

What are the three categories of building & housing in Tonga?

Under this rubric, the category of "Buildings and Housing" has been split into three categories: "Education and Training," "Health," and "Other Buildings." The blank spaces in this column indicate projects that had been approved before the HTHH eruption. Sources: Government of Tonga and the Pacific Region Infrastructure Facility (PRIF).

Does Tonga have NFAT?

For such radio communication service allowed to be used in Tonga, that service and its operating frequency must have been allocated on the NFAT. For e.g., for an operator to request for a cellular frequency on GSM900 band, Tonga's NFAT must have allocated this band for International Mobile Telecommunication (IMT) or simply mobile cellular service.

How has the HTHH eruption impacted Tonga's infrastructure needs?

The HTHH eruption added to Tonga's infrastructure needs; in addition, various needs unrelated to HTHH have been better articulated since the start of the NIIP3. The revised version of the plan (NIIP3-HTHH) has allowed both sets of

needs to be integrated into the NIIP3 database, building on the experience of the mainstreamed NIIP3 process.

Who prepared the Tonga plan?

The document was prepared by the Tonga National Planning Division, Prime Minister's Office, with the guidance of the PRIF consultant, Peter Poulsen, and supported by the Pacific Region Infrastructure Facility (PRIF).
